DDCI MEETING

10 October 1967

MEMORANDUM FOR THE RECORD

SUBJECT: Legislative Matters

1. On this date I met with Admiral Taylor and Colonel White for the weekly discussion of legislative business.

2. Discussed the various International Institute or American Council bills. I indicated I had recently talked with Congressman Monaghan who had introduced one of these as well as the Staff Director of House Foreign Affairs where hearings were held. I indicated that their view was that all of these bills were in effect dead and, therefore, it is extremely unlikely that anything could be accomplished in this field. Admiral Taylor suggested that Colonel White advise the Director of the above.

3. Discussed Admiral Taylor's suggestion about a rider to the next omnibus pay or retirement bill in the Congress to cover our retirement proposals. Discussed were the questions of Committee jurisdiction and the timing which made such a course probably inappropriate.

4. Reviewed the status of the various proposals for a Joint Committee on Intelligence. Discussed the questions of meeting with the Senate Subcommittees in view of last year's floor fight and this year's invitation by Senator Russell for participation by Mansfield, Fulbright and Hickenlooper. Colonel White then reported on the information he had received through a source from Ralph McGill concerning Senator Russell. Colonel White will brief the Director on this report.
